- Reliable internet access for Homework, Quizzes, and other learning resources

Online Assignments

Homework is assigned to facilitate your understanding of the material. Homework is done online and can be found through the class Blackboard on the “Course Content” tab. Assignments are separated as: *Week # > weekly assignment/chapter materials*. We will be using CengageNOW (or CNOW) to complete homework, quizzes, and exams. CNOW is a subscription for Cengage, and the course key is automatically added by Blackboard. All assignment due dates can be found on the CNOW website, as well as on the published Class Schedule. If you do not have internet access, you need to find time to go somewhere where it is available (i.e., SPC or Public Library). The CNOW homework manager will show your grades up to date. You have 48 hours to dispute any online grades by emailing your instructor. After this time, no grades will be disputed.

Attendance

Successful completion of Principles of Accounting (Managerial) is affected by contribution to the course. If a student chooses not to complete the assignments and actively work on learning the material, minimum course objectives cannot be met and the student should withdraw from the course. It is the student’s responsibility to drop the course.

Attendance will be graded, and students are allowed 4 absences per semester. Attendance is required for the full class period (1 hr. 15 min.). The instructor is not responsible for removing you from the course if you cannot maintain the course schedule. Students who enroll in a course but have never attended by the official census date will be administratively dropped.

Course Grading Policy

Assignments are due by 11:55 p.m. on the date listed on the Class Schedule.

Note: Late assignments will not be accepted.

Permission to make up missed work will only be available if an unavoidable reason for class absence arises (i.e., documented illness, official trip authorized by SPC, or official activity). It is the student's responsibility to complete work missed within a reasonable period as determined by the instructor.

Exam Policy

Exams will be conducted online, using the CengageNOW software. Exams will have a time limit, which will be posted in CengageNOW. Exams will be scheduled in the appropriate week and deadlines for completing the exams will be posted on the Blackboard Class Schedule. No makeup exams will be allowed. If a student is unable to complete the exam in the specified timeframe, he or she will not be allowed to make up the test unless arrangements are made prior to the test window. If you have special needs for taking tests, please contact your instructor or special services the 1st week of classes. (See the Disability Statement located later in this syllabus.)

Blackboard & Cengage

The Blackboard software used to manage this online course tracks student logins, tracking when and where the student has been in the course. Accessing this course on a regular basis is extremely important to meet the objectives of this course. Ideally, students should daily check the semester schedule, e-mail, and check for announcements and fellow student discussions.

This course is not 100% self-paced—there will be deadlines. You will feel more at ease with the materials if you stay in touch with what is going on. This course is 3 semester credit hours. Students should plan to work on about one (1) full chapter per week, to successfully complete the material. It is very easy to put off deadlines during a semester-long course, but don't wait until the last minute.

All communications and grading for this course will be conducted through "Course Messaging" on Blackboard, or you can email the instructor. Additional resources are listed under "Course Resources."

The online Cengage platform has ample material to help you gain an understanding of the assigned content. Each chapter includes videos, power points, and more. Please allow yourself time to exercise these resources when working on your assignments and studying for your exams.

Electronic Assignments

This class will involve the use of the Internet and possibly the need to access to discussion groups, forums, bulletin boards, e-mail programs and/or chat rooms in order to complete the objectives of the course. Topics assigned by the instructor will be relevant to the objectives of this class.

Plagiarism and Cheating

Offering the work of another as one's own, without proper acknowledgement, is plagiarism; therefore, any student who fails to give credit for quotations or essentially identifiable expression of material taken from books, Internet resources, encyclopedias, magazines and other reference works, or from the themes, reports or other writings of a fellow student, is guilty of plagiarism.

Dishonesty of any kind on examinations or written assignments, illegal possession of examinations, the use of unauthorized notes during an examination, obtaining information during an examination from the textbook or from the examination paper of another student, assisting others to cheat, alteration of grade records, illegal entry or unauthorized presence in an office are examples of cheating. Complete honesty is required of the student in the presentation of any and all phases of course work. This applies to quizzes of whatever length, as well as final examinations, to daily report and to term papers.

Students are expected to do their own work on all projects, quizzes, assignments, examinations, and papers. Failure to comply with this policy will result in an 'F' for the assignment and can result in an 'F' for the course if circumstances warrant.

Diversity Statement

In this class, the teacher will establish and support an environment that values and nurtures individual and group difference and encourages engagement and interaction.
