COMPUTER REQUIREMENTS: I do not recommend any particular brand of computer. It is the responsibility of the student to make sure that they have the necessary computer resources and skills to take this class. Students are not required to purchase their own computer, but must have frequent regular access to one that meets specifications. There are computer labs available for student use on our Levelland, Lubbock Center, and Reese Center campuses.

Go to this link for a very detailed description of all the technical requirements:

<http://www.southplainscollege.edu/instructional-technology/students/System.php>

PLEASE make sure your computer is protected with current anti-virus software and spyware removal and prevention software. Most PC's have Microsoft Office (Word, Excel, Access, PowerPoint, etc.), but if you do not have Office on your computer I would recommend the following website. As a student, you can get Office 365 for free.

Check Your Internet Access

The computer you are using must be able to connect to the Internet and allow you to browse the World Wide Web. E-mail access is required to communicate with your instructor. Please go through the Check Browser options when you first access your online course in Blackboard.

To be able to participate in this online course, a student needs to have the following abilities:

- ☐ Typing and word processing skills.
- ☐ Know basic functionality of a computer and how to do basic troubleshooting.
- ☐ Know how to connect to the Internet.
- ☐ Know basics of how the Internet works and how to search and conduct research using the Internet.
- ☐ Know how to attach and open documents in an e-mail message.
- ☐ Have basic file management skills.
- ☐ Know how to save and delete documents.

ATTENDANCE POLICY:

Accessing this course on a regular basis is extremely important in order to meet the objectives of this course. Ideally, students should daily check the semester schedule, email/messages, and also check for announcements and fellow student discussions. This course is not 100% self-paced—there are deadlines. You will feel more at ease with the materials if you stay in touch with what is going on. This course is 3 semester credit hours. For this reason, you should set aside a minimum of 6 hours per week to work on this course. One of the very first things you should do is set aside time each week to work on the class. It is very easy to put off attendance in an online course.

STUDENTS, AND ONLY STUDENTS, will be responsible for dropping the class if you are failing the class and do not want an "F" on your transcript. I will not drop anyone from the course even if you stop logging into Blackboard and fail to complete assignments. A grade will be reported at the end of the semester based on the points that you earn. It is your SOLE RESPONSIBILITY to drop yourself from this course for any reason, whether that be because you are failing, too far behind to catch up, illness, no time to complete, etc!!

RESPONSE TIMES: You should expect responses from me within 48 hours to emails sent using Blackboard email. If you haven't received a response within that time, communicate to me again either through email and/or telephone. It is possible your initial communication had not been received. I will not guarantee a response to email during SPC scheduled school holidays or on weekends.

COURSE WORK EVALUATION:

Course Schedule and Point Allocation will be posted in Blackboard.

A minimum grade of “D” is required to pass BMGT 1301.

Your grade for this course will be based on your performance in the following areas. You receive points in the following areas. Please see the Course Schedule and Point Allocation document on Blackboard to determine total points required for a specific course grade.

- Introduction/Syllabus summary
- Cengage MindTap - Homework/Weekly Chapter Assignments and Video Case Study Questions
- Exams
- Final Exam (optional if you are happy with your accumulated points without taking the final exam)

ASSIGNMENT POLICY/MATERIALS REQUIREMENTS: It is extremely important to have read assigned online course content, the chapters in the textbook, and/or Internet readings prior to completing assignments. You should also find the resources in each Learning Module within Blackboard for each chapter helpful. Assignments will be given throughout the semester (see calendar link in Blackboard) and will be discussed using various communication tools.

All completed weekly chapter homework assignments will automatically be submitted through CengageNow.

All assignments are due by 11:55 p.m. on the date posted on the course schedule/calendar. LATE WORK/ASSIGNMENTS WILL RECEIVE A 10% PENALTY. THAT’S A MINIMUM OF A LETTER GRADE!

Discussion of Assignments:

Introduction/Syllabus Assignment

Post your introduction and syllabus statement in the **Discussion** tool forum in Blackboard (under Course Content to the left). In the discussion forum, post in the topic “your introduction.” In the subject line put your name—example, “John Doe’s Introduction/Syllabus Statement.” Please include the following in this assignment. You will “create a new thread” to begin the process. This assignment will be keyed in the body of the message window, please feel free to say hello to your fellow classmates if you wish, and discuss anything that you might have in common. Suggested content might include:

- Name
- Major
- Spare time activities (or if you had spare time, what would you do?)

- Least favorite class so far and why
- Business or work area interests or career goals
- **Syllabus Summary:** In addition to your introduction, include an approximate one-page summary of the syllabus. Do not include obvious statements such as my name, course number etc. Include points that you deem are important to help you complete the course successfully. **At the end of your summary, please state that you agree to the syllabus guidelines and “sign”. Blackboard will date it when you submit it.**

Homework Assignments/Chapter Discussion Questions etc. --Submitted in Cengage MindTap

Weekly homework in Cengage will be outlined in the semester schedule. Please pay close attention to your semester schedule and the Cengage schedule for due dates etc.

Exams : Exams (not including comprehensive final exam) covering 4-6 chapters each over the major areas of study related to business listed under the course outline below plus the comprehensive final exam. When you begin the exam, you will have 1 hour and 15 minutes (75 minutes) to complete and submit the exam.

Cengage will not allow printing of the exams when accessed. You will only be able to access the test once and you must take the test in one sitting—you will not be able to save and come back later to the test!

It will be very important for you to visit the Semester Schedule in Blackboard to see when exams are scheduled. ***

The **final exam** will be **comprehensive**. If you are satisfied with your points/grade without taking the final, then you can choose to 'skip' the final exam. **Course grade is based on points you accumulate through completion of course activities. Please remember that it is your responsibility to have a backup plan if your computer goes down. Please have this plan in place now and do not wait until it is a crisis situation. If you lose your assignments due to bad flash drives, computer crash, or your dog ate your homework, there is nothing I can do about it. THIS IS YOUR WARNING TO HAVE A BACKUP PLAN IN PLACE.

This is only option if SPC server is down however.
