1. Describe the stages of the developing person at different periods of the life span from birth to death.
2. Discuss the social, political, economic, and cultural forces that affect the development process of the individual.
3. Identify factors of responsible personal behavior with regard to issues such as sexual activity, substance abuse, marriage and parenting.
4. Explain the biosocial, cognitive and psychological influences throughout the lifespan as an ongoing set of processes, involving both continuity and change.
5. Describe the different developmental perspectives of the major theories of development (i.e. cognitive, learning, humanistic and psychodynamic).
6. Identify examples of some of the cultural and ethnic differences that influence development throughout the lifespan.
7. Discuss the various causes or reasons for disturbances in the developmental process.

Student Learning Outcomes Assessment: Marcie Miller is the faculty member who is responsible for the assessment of the student learning outcomes. She will be sending a list of which SLOs will be assessed for each semester. There are 7 outcomes and these are rotated. Mrs. Miller is also the person responsible for entry of the data into Task Stream for documentation.

Course Evaluation: See the instructor's course information sheet for specific items used in evaluating student performance. However, all courses will have multiple exams and written work that is designated by the instructor of record.

Attendance Policy: Individual instructors will create an attendance policy that is consistent with the "Class Attendance" policies stated in the *SPC General Catalog*: *Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.*

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

Plagiarism and Cheating: Students are expected to do their own work on all projects, quizzes, assignments, examinations, and papers. Failure to comply with this policy will result in an F for the assignment and can result in an F for the course if circumstances warrant.

Plagiarism violations include, but are not limited to, the following:

1. Turning in a paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail order term paper mill;
2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation;
3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them; or
4. Missing in-text citations.

Cheating violations include, but are not limited to, the following:

1. Obtaining an examination by stealing or collusion;
2. Discovering the content of an examination before it is given;
3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment;
4. Entering an office or building to obtain unfair advantage;
5. Taking an examination for another;
6. Altering grade records;
7. Copying another's work during an examination or on a homework assignment;
8. Rewriting another student's work in Peer Editing so that the writing is no longer the original student's;
9. Taking pictures of a test, test answers, or someone else's paper.

Student Code of Conduct Policy: Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither instructor nor student should be subject to others' behavior that is rude, disruptive, intimidating, aggressive, or demeaning. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class.

SPC Bookstore Price Match Guarantee Policy:

If you find a lower price on a textbook, the South Plains College bookstore will match that price. The difference will be given to the student on a bookstore gift certificate! The gift certificate can be spent on anything in the store.

If students have already purchased textbooks and then find a better price later, the South Plains College bookstore will price match through the first week of the semester. The student must have a copy of the receipt and the book has to be in stock at the competition at the time of the price match.

The South Plains College bookstore will happily price match BN.com & books on Amazon noted as *ships from and sold by Amazon.com*. Online marketplaces such as *Other Sellers* on Amazon, Amazon's Warehouse Deals, *fulfilled by Amazon*, BN.com Marketplace, and peer-to-peer pricing are not eligible. They will price match the exact textbook, in the same edition and format, including all accompanying materials, like workbooks and CDs.

A textbook is only eligible for price match if it is in stock on a competitor's website at time of the price match request. Additional membership discounts and offers cannot be applied to the student's refund.

Price matching is only available on in-store purchases. Digital books, access codes sold via publisher sites, rentals and special orders are not eligible. Only one price match per title per customer is allowed.

Textbook: Lifespan Development: A Psychological Perspective by M Lally and S Valentine-French. This is an OER (open resources) textbook that is available on Blackboard at no cost to the student.

Student Conduct: The student handbook clearly defines appropriate classroom conduct. A student can be asked to leave the class for inappropriate conduct. You should not disrupt the class since you interfere with the learning process for your peers. Talking, sleeping, cell phones ringing, or other disruptive behaviors will result in a warning and then can result in the student being dropped from the class. If you must have a phone for sick children or emergency reasons, please put the phone on vibrate because a ringing/singing phone is very disruptive to the class.

Late Work and Missed Assignments: Work is due on the dates assigned and cannot be made up if missed. Assignments are due on the date assigned and there is a late penalty for each day the work is late.

Appeal Process: The process of appeal is outlined in the college catalog. Basically you would need to talk to the instructor, the department chair, and then the dean if the problem is not resolved. Be sure to always start with your instructor.

Diversity Statement: In this class, the teacher will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

Equal Opportunity: South Plains College strives to accommodate the individual needs of all students in order to enhance their opportunities for success in the context of a comprehensive community college setting. It is the policy of South Plains College to offer all opportunities without regard to race, color, national origin, religion, gender, disability or age. In addition, this instructor will not tolerate remarks nor gestures that can be construed to be sexist, racist, heterosexist or in any way disparaging to another person in this classroom.

ADA Statement: Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. Attendance Policy: You can check the school policy in the college catalog. In addition to the catalog policy, roll will be taken at each class session and a record of attendance maintained. You are expected to attend class. The material presented in class is not a duplication of the material in the textbook, and you will be responsible for all topics discussed in class as well as the assigned chapters in the text. You may be dropped from the class with an X after five absences, regardless of your grade.

Writing Style: All written assignments should be presented using the conventions of Standard Written English. South Plains College requires all students to become proficient in "academic English," a form of English that is typically used in academic, professional, and business contexts. While slang, regional idioms, and informal kinds of self-expression are appropriate in some contexts, they are out of place in academic writing. Writing instructors and professors in courses across the campus expect all students to demonstrate proficiency in using the conventions of academic English in their written work, whether it is in-class exams or take-home essays.

Grading Policy/Procedure: You will have five exams worth 150 points each, an article presentation worth 50 points, and a final project worth 200 points for a total of 1000 points. Other grades may be added with daily papers that may be assigned. Your grade will be based upon a percentage of the total points with (900-1000 points) 90%=A; (800-899 points) 80%=B; (700-799 points) 70%=C; (600-699 points) 60%=D; (<599 points) 59% and below = F.

You can take an exam with another class if you must miss class for a valid reason. If you miss more than two exams, you will be asked to drop the class.

FINAL EXAM: You may take your exam with another class that is scheduled for an earlier time if you have no conflicts. If you want to take the exam at a later date you must notify me of your intentions so I do not hand in grades without your exam

Projects/Assignments:

Article (50 Points): You will present a relevant article over a topic presented within the chapter. This assignment is worth 50 points. You will go to Google Scholar and do a search for the topic of your choice. Find an article published after 2015 relevant to your topic. For example, if you want to find an article about Attachment Theory, you would search “Attachment Theory” and find a recent article that includes a PDF link. Provide a brief (1-2 pages) summary of the article and your reaction to reading (i.e. what did you find interesting, what surprised you, what would you share with a friend or family member about the article). A rubric will be provided on Blackboard.

Final Project (200 Points): (choose one option)

1. Choose one the following Erikson stages (Adolescence, Young Adulthood, or Middle Adulthood) and interview someone who has passed that particular stage. For example, interview your 45 year-old mother about the Young Adulthood stage. Explain to your interviewee the specific crisis associated with the stage and then ask for an example of how your interviewee experienced this crisis. Emphasize to your interviewee to only provide examples they feel comfortable sharing and inform them the experience will be read by your instructor. After the interview, provide a brief summary of the interview including your interviewee’s response as well as your reaction to the experience.

OR

2. This option will focus on an area of assessment (for example, Red Flags for ...) pertaining to early childhood development and create a Fact Sheet, Poster, or Brochure for the community (child care providers, parents, etc.). The document should appear professionally useful and be informative, visually appealing, and appropriate for the intended audience. This should contain specific information about the topic, early signs or “red flags,” and community resources for further assessment and intervention. As part of the preparation of this document, you will be required to incorporate information on your topic from 3 sources and provide a brief bibliography to turn in.
