In the event that the school is forced to go fully online sometime during the semester, you must try to find access to a remote computer without relying only on a smart phone. Microsoft Word or a word processor that can save Word compatible files (.doc)

Using email for communication, attaching documents

The ability to download video files, or to stream files

### **Course Evaluation:**

Students' grades in this class will be determined by the following:

We plan to have 750 points available for the final grade.

675- 750 = A

600 - 674 = B

525 -599 = C

450 - 624 = D

449 and below = F

**Given the fluid nature of this semester - we are not sure if we'll be able to keep the hybrid/flex model throughout the semester and may have to pull back to fully online at any time - the final point value for the semester may change. In that case, you will be notified.**

Please do NOT assume that I will contact you to tell you about missed work. In response to Covid concerns, all class materials will be available on Blackboard so you can keep track of all materials week by week. You can expect a new class module per week.

The assignments in this class will be deadline driven. You must keep track of deadlines and submit work when it is due. Do NOT assume that I will move deadlines for you unless you contact me.

There will be multiple reasons for class absences this semester such as quarantine, isolation, and/or illness. But all class material is available online through Blackboard, so you can access all assignments on your own.

**If you do not participate in class, in any form, for a minimum of 3 weeks without any communication, and you are earning a solid "F", you may be**

**administratively withdrawn from the class. You may contact me by phone, e-mail, or Collaborate. But you must stay in contact with me.**

Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have “Never Attended” by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of “X” or “F” as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student’s responsibility to be aware of that policy.

It is the student’s responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

**Deadlines-** ALL projects will have deadlines. While many of these may change because of Covid, the goal is to work within them. You need to get used to deadlines that exist in the working world. Late assignments may or may not be accepted depending on the assignment and the reasons for missing the deadlines.

### **SPC Face Covering Policy:**

Failure to comply with this policy may result in dismissal from the current class session. ### **Civility Code:**
