Instructional Delivery

- MW 1:00 p.m. (EDUC 1301.C001) & M 6 – 8:45 p.m. (SPC Lubbock-Downtown Center—EDUC 1301.C601): Most instruction will be delivered face-to-face through lectures, demonstrations, discussions, group collaboration, and occasional guest speakers. However, content will also be posted in Blackboard in the form of recorded content overviews, videos, recorded demonstrations, and an occasional guest lecture. I will post all module instructions, assignment instructions, and rubrics in Blackboard. **You will also take all quizzes/Unit Exams in Blackboard and submit all graded assignments in Blackboard.** During our class time, we will have discussions, group collaboration, review the material, and complete learning activities. The best way to be prepared for class is to have read the assigned reading material for the module BEFORE you attend class.

ALSO NOTE: As most of the content and materials for our class are online in Blackboard, you need to make sure that you have the appropriate technology and technological skills to complete the class. The following is a checklist of technology and technological skills you will need for this class:

- Daily access to an updated laptop computer with Microsoft Word (*free download for ALL SPC students*). **You will likely NOT be able complete most assignments in this course on your smartphone exclusively.**
 - **Please DO NOT submit any assignments with the APPLE PAGES word processing program.**
- Daily access to the internet—MySPC, Blackboard, SPC email, online readings & other materials
 - *NOTE: We will also use other websites for activities and games.*
- Knowledge of (and ability to work in) Microsoft Word or Google Docs. You need to know how to add tables and insert pictures and other graphics, etc. *—again, all SPC students have free access to Microsoft Office products.*
 - Knowledge of (and ability to work in) PowerPoint or Prezi.

Please Note: Please do NOT save or submit assignments in Apple Pages!!! Be sure to save a copy of your major assignments, essays, observation reflections in Google Docs, in Dropbox, in OneDrive, or on a thumb drive. You will need to access and print some of these for your final presentation

Field Experience Component

- EDUC 1301, as the course title indicates, is an introduction to the teaching profession and a requirement for the Associate of Arts in Teaching (AAT) degree. In addition to attending all class meetings throughout the semester, students will be given four education/field-experience assignments, each one expected to entail approximately 4 hours to equal 16 hours of total time. **Students will need to complete and pass a criminal background check before attending any observations.**
- **For ALL Classroom Presentations & AAT Observations:** professional dress is required. Professional dress is considered a collared, button-down or golf shirt, Docker-style pants, slacks, skirts, or dresses. (Girls, if you wear a dress, it needs to be cut no shorter than just above the knee—NO MID-THIGH dresses are permitted). Professional dress does NOT include sundresses or shirts with spaghetti straps, hoodies, sweatpants, flip-flops, t-shirts, ball caps, blue jeans, colored jeans with holes, tennis shoes, shorts, miniskirts, or any other type of casual clothing for sports or leisure. Students failing to respect these rules will receive a zero "0" for the observation and assignment and will not be allowed to make it up.
- **Professionalism:** I place a great value on professionalism. It is KEY to being an effective teacher, and this semester is your opportunity to demonstrate this skill. Your participation/attendance/professionalism grade is a subjective grade, which is judged based upon my perspective and measured by your actions. It will be

expected especially during your field experiences. Please remember that we are guests in the schools that we observe. This should be taken into consideration in your dress, speech, and actions. When you become a teacher, your professionalism is judged by students, fellow teachers, administrators, parents, and the community.

What is professionalism?

Some examples of professionalism include, but are not limited to: effective communication, punctuality, respect for fellow classmates, instructor and staff (in both actions and speech), being prepared for class and proper behavior and attitude in the field (see observation requirements), how you handle situations and interact with others, maintaining confidentiality, and above all...maintaining positive public conversations held with other students concerning the education courses and program, especially in the presence of students that have not yet entered the program.

General Assignment Information

- **Attendance/Participation/Discussion/Professionalism (5%)**
The following assignments are included in this 5% of your total grade: attendance, active participation in class discussions and class learning activities, & conduct during classroom observations
- **Weekly Module Quizzes (20%)**
Weekly quizzes based on weekly readings, informational videos, guest lectures, etc., will make up this 25% of your total grade.
- **Weekly Assignments/Lesson Plan Project Assignments (25%)**
Six to ten learning activities and five of the Lesson Plan preparation assignments designed to help you in understanding the content or guide you in completing your Final Lesson Planning Project will make up 25% of your total grade. Mrs. Satterwhite will grade these in a timely manner, typically within two weeks. You can find your grade and my comments when you click on the assignment in “My Grades.”
- **Observation Reflection Essays & Verification Forms (20%)**
You will visit 4 different school campuses to complete 16 hours of observation in the field over the course of the semester. Be sure to read carefully the “Observation Procedures and Rules” sheet. You will be required to turn in a signed (by school) verification sheet to Ms. Jameson at the conclusion of each observation. For each observation, you need to find the corresponding “Field Experience Topic Assignment” and the accompanying T-TESS rubrics. These will guide your observation and the focus of your reflection paper. Each observation reflection paper should be at least 1 ½ - 2 pages and will be due one week after each observation. Students are responsible for being aware of when their observation essays are due. Grading rubrics are available on Blackboard. These essays and the verification forms will make up 20% of your grade. *Failure to attend your scheduled observation times (without a valid and documentable reason) will result in zeroes for all assignment-related grades, including the final observation project.*
- ***Please Note:* If students do not complete the required background check and observation paperwork by the given due dates, they cannot complete the observations and will be dropped from the class.**
- **Educational Philosophy Essay (10%)**
This 2-page essay will comprise 10% of your total grade. This essay will, hopefully, form the foundation upon which you develop your professional educational philosophy. It will include a discussion of the theoretical foundations that influence your educational philosophy, based on the readings and class discussions. It will also include a discussion of the following components: the purpose of structured education, what content/skills should be taught, the role of the teacher/student, and preferred teaching/assessment strategies.
- **Final Lesson Planning Project Presentation (20%)**
This project makes up 20% of your total grade and includes two components: (1) Submission of typed lesson plans with the components listed below. (2) You will teach 15 – 20 minutes from one of the 5 lessons that you have prepared for the project and then evaluate your lesson presentation. (3) A self-evaluation. Your typed lesson plans will include the following prepared components: Revised Week-at-a-Glance and one day of detailed lesson plans. Grading rubrics are available on Blackboard. Presentations will be made during class in the final weeks of the semester. A sign-up sheet will be made available in class.

Institutional and Academic Policies

Attendance

Instructors will follow the basic attendance policy that is outlined in the “Class Attendance” policies stated in the *SPC General Catalog*

Face-to-Face: Students must attend each session and be on time. If you have questions about an absence, please see the instructor. Part of your grade is based on your attendance each assigned class day. *When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor.* Additionally, if you are absent, and you do not communicate with the instructor in a timely manner, you will not be able to make up graded assignments we complete in class. You may be dropped from the course with an “X” or an “F” if I believe the objectives of the course cannot be met due to your lack of participation and attendance (I start getting concerned after the 3rd absence). If you have excessive absences, I will try to contact you. If you have excessive absences and you do not respond to my attempts to contact you, you will receive an F in the course. Participation means active engagement. A person cannot be actively engaged if texting or using a cell phone. Excessive or disruptive use of a cell phone in class may be counted as an absence. Please email me if you know you will be absent.

COVID-19

If you are experiencing any of the following symptoms, please do not attend class and either seek medical attention or test for COVID-19.

- Cough, shortness of breath, difficulty breathing
- Fever or chills
- Muscles or body aches
- Vomiting or diarrhea
- New loss of taste and smell

Please also notify DeEtte Edens, BSN, RN, Associate Director of Health & Wellness, at dedens@southplainscollege.edu or 806-716-2376. Proof of a positive test is required. A home test is sufficient but students must submit a photo of the positive result. The date of test must be written on the test result and an ID included in the photo. If tested elsewhere (clinic, pharmacy, etc.), please submit a copy of the doctor's note or email notification. Results may be emailed to DeEtte Edens, BSN, RN at dedens@southplainscollege.edu.

A student is clear to return to class without further assessment from DeEtte Edens, BSN, RN if they have completed the 5-day isolation period, symptoms have improved, and they are without fever for 24 hours without the use of fever-reducing medication.

Students must communicate with DeEtte Edens, BSN, RN prior to their return date if still symptomatic at the end of the 5-day isolation.

Academic Integrity/Plagiarism

Students are expected to do their own work on all projects, quizzes, assignments, and papers. Failure to comply with this policy will result in an F for the assignment and can result in an F for the course if circumstances warrant it.

Plagiarism violations include, but are not limited to, the following:

1. Turning in essays or work that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail order term paper mill;
2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation;
3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them; or
4. Missing in-text citations.

Cheating violations include, but are not limited to, the following:

1. Obtaining an examination by stealing or collusion;
2. Discovering the content of an examination before it is given;
3. Using an unauthorized source of information (notes, textbook, text messaging, internet) during an examination, quiz, or homework assignment;
4. Entering an office or building to obtain unfair advantage;
5. Taking an examination for another;
6. Altering grade records;
7. Copying another's work during an examination or on a homework assignment;
8. Rewriting another student's work in Peer Editing so that the writing is no longer the original student's;
9. Taking pictures of a test, test answers, or someone else's paper.

*If a student plagiarizes on an assignment, a failing grade will be given for the assignment. Any student caught or reported cheating on an exam will also be given a failing grade and possibly dropped from the course. You are in a **teacher preparation program** and behavior of this sort is not conducive to the standards and behavior that is expected as a participant in the AAT program.*

Student Code of Conduct Policy

Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither instructor nor student should be subject to others' behavior that is rude, disruptive, intimidating, aggressive, or demeaning. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class.

Diversity Statement

In this class, the teacher will establish and support an environment that values and nurtures individual and group difference and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves.
