

South Plains College
Common Course Syllabus: MATH 1332
Revised August 2020

Department: Mathematics, Engineering, and Computer Science

Discipline: Mathematics

Course Number: MATH 1332

Course Title: Contemporary Mathematics

Available Formats: conventional/flex and internet

Campuses: Levelland, Reese, Plainview, Lubbock Center and Dual Credit

Course Description: Intended for Non-STEM (Science, Technology, Engineering, and Mathematics) majors. Topics include introductory treatments of sets and logic, financial mathematics, probability and statistics with appropriate applications. Number sense, proportional reasoning, estimation, technology, and communication should be embedded throughout the course. Additional topics may be covered.

Prerequisite: Minimum score of 350 on the TSIA, TSI-exempt status, or a successful completion with a grade of 'C' or better in MATH 0337.

Credit: 3 **Lecture:** 3 **Lab:** 0

Textbook: *Mathematical Ideas*, Miller, Heeren, and Hornsby, 2019, 14th Edition, Prentice Hall/Pearson Education

Supplies: Please see the instructor's course information sheet for specific supplies.

This course partially satisfies a Core Curriculum Requirement: Mathematics Foundational Component Area (020)

Core Curriculum Objectives addressed:

- **Communications skills**—to include effective written, oral and visual communication
- **Critical thinking skills**—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information
- **Empirical and quantitative competency skills**—to manipulate and analyze numerical data or observable facts resulting in informed conclusions

Student Learning Outcomes: Upon completion of this course and receiving a passing grade, the student will be able to:

1. Apply the language and notation of sets.
2. Determine the validity of an argument or statement and provide mathematical evidence.
3. Solve problems in mathematics of finance.
4. Demonstrate fundamental probability/counting techniques and apply those techniques to solve problems.
5. Interpret and analyze various representations of data.
6. Demonstrate the ability to choose and analyze mathematical models to solve problems from real-world settings, including, but not limited to, personal finance, health literacy, and civic engagement.

Student Learning Outcomes Assessment: A pre- and post-test questions will be used to determine the extent of improvement that the students have gained during the semester

Course Evaluation: There will be departmental final exam questions given by all instructors.

Attendance/Student Engagement Policy: Attendance and effort are the most important activities for success in this course. The instructor maintains records of the student's engagement throughout the semester. The student will be allowed to miss twenty percent (20%) of class assignments for the semester, **for any reason**. Should this number be exceeded, the instructor has the right to drop the student with a grade of F or an X, depending on the instructor's discretion.
(20% for this class is 5 assignments or 2 exams)

Plagiarism violations include, but are not limited to, the following:

1. Turning in a paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail order term paper mill;
2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation;
3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them; or
4. Missing in-text citations.

Cheating violations include, but are not limited to, the following:

1. Obtaining an examination by stealing or collusion;
2. Discovering the content of an examination before it is given;
3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment;
4. Entering an office or building to obtain an unfair advantage;
5. Taking an examination for another;
6. Altering grade records;
7. Copying another's work during an examination or on a homework assignment;
8. Rewriting another student's work in Peer Editing so that the writing is no longer the original student's;
9. Taking pictures of a test, test answers, or someone else's paper.

COVID Syllabus Statement: It is the policy of South Plains College for the Spring 2021 semester that as a condition of on-campus enrollment, all students are required to engage in safe behaviors to avoid the spread of COVID-19 in the SPC community. Such behaviors specifically include the requirement that all students properly wear CDC-compliant face coverings while in SPC buildings including in classrooms, labs, hallways, and restrooms. Failure to comply with this policy may result in dismissal from the current class session. If the student refuses to leave the classroom or lab after being dismissed, the student may be referred to the Dean of Students on the Levelland campus or the Dean/Director of external centers for Student Code of Conduct Violation. Students who believe they have been exposed or may be COVID-19 positive, must contact Health Services, DeEtte Edens, BSN, RN at (806) 716-2376 or dedens@southplainscollege.edu.

Student Code of Conduct Policy: Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither instructor nor student should be subject to others' behavior that is rude, disruptive, intimidating, aggressive, or demeaning. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class.

Diversity Statement: In this class, the teacher will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

Disability Statement: Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability

Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services Office at Levelland (Student Health & Wellness Office) 806-716-2577, Reese Center (Building 8) 806-716-4675, or Plainview Center (Main Office) 806-716-4302 or 806-296-9611.

Nondiscrimination Policy: South Plains College does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Vice President for Student Affairs, South Plains College, 1401 College Avenue, Box 5, Levelland, TX 79336. Phone number 806-716-2360.

Title IX Pregnancy Accommodations Statement: If you are pregnant, or have given birth within six months, Under Title IX you have a right to reasonable accommodations to help continue your education. To [activate](#) accommodations you must submit a Title IX pregnancy accommodations request, along with specific medical documentation, to the Director of Health and Wellness. Once approved, notification will be sent to the student and instructors. It is the student's responsibility to work with the instructor to arrange accommodations. Contact the Director of Health and Wellness at 806-716-2362 or [email cgilster@southplainscollege.edu](mailto:cgilster@southplainscollege.edu) for assistance.

Campus Concealed Carry: Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in South Plains College buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and South Plains College policy, license holders may not carry a concealed handgun in restricted locations. For a list of locations and Frequently Asked Questions, please refer to the Campus Carry page at: <http://www.southplainscollege.edu/campuscarry.php>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all South Plains College campuses. Report violations to the College Police Department at 806-716-2396 or 9-1-1.

SPC Bookstore Price Match Guarantee Policy: If you find a lower price on a textbook, the South Plains College bookstore will match that price. The difference will be given to the student on a bookstore gift certificate! The gift certificate can be spent on anything in the store.

If students have already purchased textbooks and then find a better price later, the South Plains College bookstore will price match through the first week of the semester. The student must have a copy of the receipt and the book has to be in stock at the competition at the time of the price match.

The South Plains College bookstore will happily price match BN.com & books on Amazon noted as *ships from and sold by Amazon.com*. Online marketplaces such as *Other Sellers* on Amazon, Amazon's Warehouse Deals, *fulfilled by Amazon*, BN.com Marketplace, and peer-to-peer pricing are not eligible. They will price match the exact textbook, in the same edition and format, including all accompanying materials, like workbooks and CDs.

A textbook is only eligible for price match if it is in stock on a competitor's website at time of the price match request. Additional membership discounts and offers cannot be applied to the student's refund.

Price matching is only available on in-store purchases. Digital books, access codes sold via publisher sites, rentals and special orders are not eligible. Only one price match per title per customer is allowed.

Note: The instructor reserves the right to modify the course syllabus and policies, as well as notify students of any changes, at any point during the semester.

Proctorio Syllabi Description - US Higher Education

Proctorio is a Learning Integrity Platform

This course will use Proctorio, a remote proctoring solution designed to protect the integrity of this course's assessments.

Equity and Fairness

The reason I've chosen Proctorio for this course is to make education more equal, by giving each student an opportunity to earn the grades they deserve. The US Federal Government also requires that all schools have a process in place for verifying student identity to protect against Federal Student Aid (FSA) fraud.

Privacy

Proctorio is a trusted platform for remote proctoring because of its commitment to student privacy. Proctorio uses single sign-on through our LMS and only I or approved individuals, here at our institution, will have access to your exam data. Proctorio never requires personally identifiable information from students and Proctorio will never sell your data to third parties. Read more about [Proctorio's approach to privacy](#).

Security

Proctorio only runs as an extension in your browser. This means that Proctorio works within a sandbox and has limited access to your computer system unlike traditionally installed software applications that have complete access to your computer's hard drive, or other resources.

Proctorio only runs while you are taking your exam. After your exam ends, you may uninstall the extension by right-clicking on it, to bring you peace of mind. Just remember, you'll need to reinstall the extension again before starting your next exam.

All student data is kept safe using zero-knowledge encryption, meaning student data is scrambled and unreadable by anyone outside of our institution's learning platform. Even Proctorio cannot see your exam data. Read more about [Proctorio security](#).

Getting Started

Before getting started on your first exam, make sure to follow the instructions in [Proctorio's Quick Start Test Taker Guide](#) for the extension. To verify your computer system meets the requirements, take the practice quiz. This will ensure that everything will run smoothly on the day of the exam.

If after reading the Quick Start Test Taker Guide if you have any trouble while using Proctorio, you can reach out to Proctorio support for troubleshooting. Proctorio support is available 24/7 and can assist in troubleshooting any extension related issues before, during and after your exam. You can contact Proctorio support via email at support@proctorio.com or by starting a live chat by clicking the Proctorio extension's shield icon.

COURSE SPECIFIC INFORMATION FOR MATH 1332

Instructor: Phyllis Cormier

Email: pcormier@southplainscollege.edu

Office: Reese Center, Building 2 Rm 223B Phone: (806)716-2797

Office Hours:

Monday	Tuesday	Wednesday	Thursday	Friday
11:00 – 1:00 PM Virtual	2:30 – 3:00 PM F2F	11:00 – 1:00 PM F2F	2:30 – 3:00 PM F2F	9:00 – 10:00 AM Virtual
2:00 – 3:00PM F2F		2:00 – 3:00 PM Virtual		

Office hours are times I have set aside to work with you individually. I will be glad to help you so, please feel free to stop by anytime during these hours. No appointment is necessary. Times marked “virtual” will be on Zoom. The link will be posted on the “Office Hours” tab on our Blackboard course. Just click on the link and I should be there waiting for you. Times marked “F2F” will be in my office at Reese. Please email to make an appointment at a time other than those listed above. You may also consider sending pictures of your work by email if you would like me to help you find an error. If you would like a video solution to a problem, I can make those quickly and am willing to do that if requested.

Class Structure: This course is a flex course. All instructional material is on Blackboard. Each unit in Blackboard has assignments followed by notes with video links to teach the material. If you or I have to quarantine or are unable to attend class, these are ready for use.

We will have class twice a week. During class, I will begin with any questions that you may have over previous lessons. Then, I will teach the lesson for the day. You will take notes during class. You will practice the concepts through homework assignments. Exams will be given during class time. If you are unable to attend class on exam days, the exam will be online and open during class time.

During class, I will plan to have Blackboard Collaborate open to allow virtual attendance. I will also plan to record those sessions. Be aware that technical difficulties are common so I cannot ensure that Collaborate will work throughout the class time.

You are responsible for completing homework, projects, and exams on time. Print out the course calendar and keep it with your other course material to help you keep up with deadlines.

Assignments & Grading:

Check Blackboard and your SPC email often for any updates in assignments, projects, or exams. Additional study aids may also be added.

Homework: Assignments will be made each class day except on exam days. A file with the problems and answers will be on Blackboard. Work all problems on notebook paper. **Work must be shown to receive credit.** The answers are provided so your job is to show me that you understand why that is the answer. Plan to complete the assignments before the following class day. This will allow time to ask questions before you must turn them in.

Assignments will be due the following class day after we discuss the assignment in class. Dates are listed on the Tentative Course Outline. Late assignments will be accepted with a one-point reduction per late day.

You will need to submit your homework as a pdf uploaded to the assignment in Blackboard. You will need to download an app that will allow your phone or tablet to make pdf's. CamScanner, Scannable, and the OneDrive app are 3 possibilities.

OneDrive: All students have a free OneDrive account with their Office365 account. There is a free OneDrive app that will make a pdf of your work with your phone or tablet and will sync with your OneDrive account. This is one video I found that may help you with this.

<https://support.office.com/en-us/article/scan-a-whiteboard-document-business-card-or-photo-in-onedrive-for-ios-7b5425d5-754f-4201-b88f-13fc765d7d3a>

You may use any app for scanning that you prefer. The pdf format allows me to mark on the document and give you better feedback on homework and exams.

Notes: Class notes will be provided on Blackboard. These will have video links for you to watch and fill in the examples and details. Begin with the video links in the notes. You may also wish to watch videos from Kahn Academy. They have good videos that cover all math topics. The textbook also has good examples. Study the material before you begin the homework. While you are working the homework, check the answers to make sure you are understanding the problems. If you miss a problem, go back and see what you did wrong. If you are still struggling with a problem, seek help. Begin with me. I will be glad to help you. If you are still needing more clarification, schedule a tutoring appointment with one of our SPC tutors or through tutor.com.

Exams: You may use a simple scientific calculator on the exams but calculators on cell phones will not be permitted. Graphing calculators such as TI-89 or TI-Inspire are not allowed on exams. You must take a minimum of 2 exams in person. The final will be in person and will count as one of the in person exams. If you are in quarantine at the time of the final exam, you will be allowed to take the final online only if I have been notified by DeEte Edens that you are unable to attend.

There will be 5 exams including the final.

Online exam guidelines:

1. Sign on to Blackboard and navigate to the exam.
2. Proctorio will have you perform some checks on your computer and show your ID. Please show an ID so I know that you are the correct person taking the class.
3. Proctorio will record any websites visited during the exam
4. Exams are to be completed without the use of outside resources.
5. No one should be with you while you are taking the exam.
6. Before beginning the exam, hold the formula sheet (front and back) up to the camera.
7. Show your work space. Your hands and paper should be visible on the video throughout the exam.
8. Show your cell phone. It should also be visible throughout the exam but should not be touched until the end.
9. When you have completed the exam, use your cell phone to make pdf's of your work. Do this while the timer is still running and the camera is showing you making the pdf's.
10. Email your work to pcormier@southplainscollege.edu
11. Click submit on the exam.
12. I must receive your work within 15 minutes of your submitting the exam.
13. Failure to follow these guidelines may result in a zero on the exam or being dropped from the course. I reserve the right to ask you to work any problem on the exam that you answered correctly.

You will have the opportunity to practice using Proctorio with a short quiz before the first exam. You will have unlimited attempts on the quiz to correctly follow the exam guidelines.

Projects: 5 projects will be assigned that use information from the course to complete. They are designed to help you see further application for the topics we are studying in this course and to see ways you can use the math that you are learning in your lives and careers.

Determining Grades:

Daily work (homework assignments: 5 points each)	100
Projects	50
Exam 1	100
Exam 2	100
Exam 3	100
Exam 4	100
Final Exam	<u>150</u>
Total possible points	700

Your final grade in the course will be based on your total accumulated points.

Grade	Total points
A	630 and above
B	560 – 629
C	490 – 559
D	420 – 489
F	419 and below

Supplies:

- The textbook is recommended but not required. It will be for reference only. Assignments and notes will be provided on Blackboard

Textbook: *Mathematical Ideas*, Miller, Heeren, and Hornsby, 2019, 14th Edition, Prentice Hall/Pearson Education

- scientific calculator (The TI-30X is a good and inexpensive option.)
- Computer
- Webcam (Most laptops already have one. If you do not have one, you will need one before the first quiz. We will be using Proctorio to proctor online exams. This extension requires a webcam.)
- Reliable internet
- Cell phone or tablet that you can use to make a pdf.
- Mask that you can use to cover your nose and mouth every time you come to campus.

Supplementary Course Information & Tutoring: Blackboard is the online course management system that will be utilized for this course. This course syllabus, as well as any class handouts and assignments can be accessed through Blackboard. Login at <http://southplainscollege.blackboard.com>. The user name and password should be the same as the Texan Connect and SPC email.

Free tutoring is available through the college. It will be appointment based, one-on-one online tutoring. Tutor.com will also be available for overnight and weekend tutoring. The Course Information tab on Blackboard contains information about tutoring including how to make an appointment. If you need help, there are many options.

Contemporary Mathematics Tentative Course Outline

MATH1332.204 & 205

Spring 2021

JANUARY			
	19 1 Order of operations & Linear Equations	20	21 2 Linear Applications & Quadratic Eq. HW 1 due
25	26 3 App of Quad & Distance and Midpoint HW 2 due	27	28 4 Lines, Slope & Average Rate of Change HW 3 due
FEBRUARY			
1	2 5 Solving Systems HW 4 due Begin Project: Budgeting (5pts)	3	4 EXAM 1
8	9 6 Applications of Linear Systems HW 5 due	10	11 7 Applications of Decimals & Percentages HW 6 due
15	16 8 Unit Conversions & Scientific Notation HW 7 due	17	18 9 Ratio, Proportion, and Variation HW 8 due
22	23 10 Time Value of Money HW 9 due	24	25 EXAM 2
MARCH			
1	2 11 Cost of Homeownership HW 10 due Project 1 due	3	4 12 Annuities HW 11 due
8	9 13 Triangles HW 12 due	10	11 14 Perimeter, Circumference & Area HW 13 due
15 Spring break	16	17	18
22	23 15 Volume & Surface Area HW 14 due Project 2 due (10 pts)	24	25 EXAM 3

29	30 16 Set operations & Venn diagrams HW 15 due Project 3 due (15 pts)	31	1 17 Counting Techniques HW 16 due
APRIL			
5	6 18 Basic Probability & Prob with "Not" & "Or" HW 17 due	7	8 19 Probability with "And" & Conditional HW 18 due Project 4 due (10 pts)
12 <i>Online registration for Spring Interim, Summer & Fall 2021 opens at 8:00 AM</i>	13 20 Expected Value HW 19 due	14	15 21 Visual Display of Data HW 20 due
19	20 22 Measures of Central Tendency HW 21 due	21	22 Review for Exam 4 Project 5 due (10 pts)
26	27 EXAM 4	28	29 23 Right Triangle Trigonometry <i>Last day to drop Spring semester course</i>
MAY			
3	4 23 Applications of Right Triangle Trig	5	6 Review for Final exam HW 23 due
10	11	12	13 Final exam MATH1332.204 8:00- 10:00 AM MATH1332.205 10:15AM – 12:15PM
