

Math 0000.001 TSI Bootcamp

Purpose of Course: The acquisition in precise form of those ideas or concepts in terms of which the quantitative thinking of the world is done. Correct use of whole numbers, fractions, decimals, percentages, measurements, and short methods for rapid calculations will be presented. This course is for Associate Degree in Nursing and Diploma Program nursing students only. This course will provide a mathematical background for the nursing students and instruct in the application of mathematics of pharmacology problems.

Supplies: A four function calculator and print the reviews for your semester that are provided on Blackboard.

Instructor: Alma F. Lopez
