## Course Requirements, Expectations, and Policies

### Late Work Policy and Technology Problems

I do not accept late work.

If for some reason the professor or the Blackboard server has made a mistake, you will not be penalized.

Always start early and finish early to avoid problems.

### Technology

**No cell phone, Apple Watch, iPod, headphones etc. usage during class.**

If you are expecting a call or need to leave early, notify me immediately or before class and I will make an exception for you.

Students may use a laptop computer during class but are not permitted to instant message others, check social network updates, email, etc. The usage of the laptop computers is meant for taking notes and considered a privilege, not a right, given to you by me and can be taken away at any time.

**If you use ANY electronic device during an exam, your exam will automatically be taken up and you will be given a zero.**

### Extra Credit

I do not offer extra credit.

### Drop Policy

Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records.

Other than that, it is your responsibility to drop the course.

### Disruption of Classroom Environment

Your professor will not tolerate any disruption of the classroom environment. This includes any problems your facilitator encounters with you AND hateful/disrespectful remarks made in the classroom, on discussion postings, email, or chat. I will drop you from the course for such violations.

## Emailing Your Professor

I require students to send a professional email when contacting me. If you send an unprofessional email to me, I will respond asking you to retype your email.

When emailing, please include what course you are enrolled in (Example: GOVT 2305.156).

**DO NOT attempt to communicate with me through Blackboard. I only communicate through email, preferably your SPC email.**

**Unless there are unforeseen circumstances, you can expect me to reply to emails within 24 hours. If I do not, don't be afraid to email me again or forward your message to me.**

## Artificial Intelligence (AI) Resources

There are now websites that will actually generate semi-unique material that somewhat resembles original material. Since the technology is available to create this content, technology is also available to detect this content.

Make no mistake, this is plagiarism. I am not asking AI to write a paper, I am asking you, the student, to create this content.

If you submit work that is not your own, original material, it will be considered plagiarism and receive a grade of zero. The incident will also be detailed to the Dean of Students for disciplinary actions.

Keep in mind some grammar software (Grammarly) is flagged as AI. I suggest not using these programs to avoid confusion.

## Academic Integrity

Plagiarism is the taking of credit for something that is not the work of the owner. It is cheating and will not be tolerated. See the General Catalog for more information on plagiarism. Cheating or dishonesty of any type in this course will result in the student being dropped from this course with an "F."

## Academic English

South Plains College requires all students to become proficient in "academic English," a form of English typically used in academic, professional, and business contexts. While slang, regional idioms, and informal kinds of self-expression are appropriate in some contexts, they are out of place in academic writing.
